16 rue DANTE - NICE – WONDERFUL ALL YEAR ROUND

This is our most spacious apartment in Nice and furnished throughout in the Louis XVI style with 2 double/twin bedrooms to accommodate 2, 3, 4, 5 or 6 people.

This is a gracious “belle époque” apartment building with its stone façade, balconies, traditional louvred shutters, handsome solid front doors, marble staircase, charming old wrought-iron and mahogany ‘Edwardian’ lift and high ceilings – this Nice apartment would grace the smartest Parisian street. This is a real “town” apartment, yet is situated just 200 metres from the world-famous Promenade des Anglais, Mediterranean and the beaches, and just 400 metres from the renowned Negresco Hotel (the wedding cake hotel) and the Musée d’Art et d’Histoire (Palais Massena) in one direction and the Musée des Beaux Arts at the same distance in the other direction. Within 150 metres you have La Cité de la Buffa, the biggest covered market in the centre of Nice with over 40 stalls selling top quality fresh produce and a wide range of local specialities, and all the restaurants, cafés and bars you could possibly want and also a large supermarket.

All the many attractions of Nice – the fascinating Old Town, the Marina (Port), the Chateau Hill, museums, galleries and concert halls, the beautiful Place Massena with its impressive fountains, hundreds of charming restaurants, brasseries, bars and pavement cafes, and every type of shopping you could wish for - are within walking distance and no fewer than 8 bus routes pass the door should you wish to go further afield.

The apartment is ideally placed for you to enjoy Nice and all of the French Riviera. A car is definitely not required although there are parking meters in all the streets around and there is a multi-storey car park within 200 metres should you arrive by car or hire a car whilst you are here. By taxi, hire car or private car, the property is conveniently only seven minutes from Nice Airport.

You enter the building through massive double doors into a marble floored hall with ornate ceilings and either walk up the marble staircase or take the charming old lift to the second floor. There is an entry phone system.

You enter this Nice apartment through tall double doors. This is a very spacious, light and sunny apartment with high ceilings and generous-sized rooms with marble-tiled floors throughout. There is a large hall with elegant double doors to one side, giving access to the large, sun-filled, south-facing lounge with a stylish dining area (some 28m² or 300 sq.ft.). There are two pairs of full length French windows - one pair has an ornate wrought-iron balustrade/balconette facing the street, the other pair allowing you to step out on to the balcony overlooking rue Dante and giving you a good view up and down the street. It is always fascinating to observe the local Nicoises going about their daily lives.

There is WIFI available, a CD/tape player/radio, DVD and a television, should you have time to watch it! All the furniture and furnishings throughout the apartment are in the Louis XVI style and there are chandeliers in every room - even the kitchen and the bathroom!

Also from the hall, to the other side, there are again matching double doors into Bedroom One, which is again spacious and elegant. There are twin-linked beds giving you a king-size double with separate mattresses and bases which can therefore be separated to make twin beds if you prefer. Full-length windows with a wrought-iron balustrade/balconette give a view over a well-maintained “cour” (inner courtyard). There is plenty of wardrobe space.

Bedroom 2, also accessed from the hall and south-facing, has full-length windows and an ornate, wrought-iron balustrade/balconette. There is a sofa bed with proper mattresses, which, unusually, is designed to give a single bed, or two separate single beds, or you can place the 2 singles side by side to create a double bed. There is again a large wardrobe.

There are 2 fold-up beds with proper mattresses, which are normally stored out of the way, thus providing a 5th and 6th bed if required. These can be utilised in the lounge, therefore creating 3 separate sleeping rooms if needed. In addition, one of the sofas in the lounge gives you the option to convert it into a double bed, should you wish.

Because the apartment is what the French call “traversant” (running from the front of the building through to the back) you have light from the south and north and through-air - very important on hot days and nights. All the windows and French doors have the traditional louvred shutters to keep the apartment cooler on very hot days.

The kitchen is typically French and with room to sit for breakfast. There is a fridge/freezer, cooker with oven and hob, microwave, electric kettle, toaster and cafetière and washing machine, iron and ironing board.

This Nice apartment has a large, well-fitted traditional bathroom with a proper full-size window, full-size bath with shower facility and wash hand basin. A hair dryer is provided. There is a separate toilet room with a wash hand basin. Both the toilet and the bathroom can be accessed at all times of the day or night without disturbing each other.

Like our other Nice apartments, there is also central heating, if you should ever need it. This apartment is furnished and equipped to the same standard as our other apartments in Nice.

Please call me now on 07836 291791 for availability and to book.

Tony Cremer-Price

P.S. This apartment is gracious, spacious, and elegant and with 2 double bedrooms accommodating 2, 3, 4, 5 or 6, very centrally and conveniently located.

“..it was exactly as you described...thank you for the use of your wonderful apartment... the elegance and excellent taste of the apartment, its furnishings and décor made us feel that we didn't want our holiday to end... we greatly enjoyed its airiness and elegance...we had a fabulous time and will happily recommend your Nice apartments to all our friends”
