

## **Description of villa, pool and garden**

Villa Romantique is a stunning and very spacious stone-built holiday villa in Provence with its own magnificent Roman-style colonnaded circular swimming pool, superbly located on a hilltop, and giving you the most wonderful panoramic views. It basks in the sunshine and the very special light of this Provence-Languedoc region and is set in a delightful mature garden amidst the intoxicating fragrances of oleander, wisteria and lavender and amongst pine and olive trees. Villa Romantique was built around an old circular stone tower with windows certainly dating from 1820.

Our villa in Provence has been completely renovated with immense style and an abundance of love and care to provide very appealing, elegant and welcoming accommodation. It combines great charm, many original Provençal features and pretty and decorative touches, with modern-day comforts. Important characteristics for holiday villas in Provence.

The approach to Villa Romantique is up a steep and winding private lane that leads to just a few other Provence villas set amongst pine and olive trees. You enter the grounds through big decorative wrought iron gates which are electronically controlled, thus ensuring privacy and a feeling of exclusivity. Our Provence villa is in a commanding hilltop position - private but not isolated - and very importantly, you are not overlooked nor are you overlooking any other homes. The garden is surrounded by a high wall giving you peace and privacy. These are desirable and rare features for holiday villas in Provence.

Because of the layout, design and features, this gloriously spacious and fascinating 6-bedroomed villa in Provence accommodates 2 to 12 people in great style and comfort. It is just as perfect for 2 as it is for 12 or with the optional 'La Petite Villa Romantique', up to a maximum of 16 people. Please note that there are substantial discounts for lower occupancy so that to be fair, smaller groups pay less - there is a table further down which shows a sliding scale of prices for the time you want to go and for the number in your party. Prices are from as little as £206 per person per week (i.e. £29 per person per day, and even in the peak summer season, from as little as £39 per person per day ).

There are very few villas in Provence which give you such spacious living accommodation. Our villa in Provence has accommodation which comprises:
